

Good afternoon everyone

I thank each of you for your time today, in these crazy times. I want to remind each of you that the Territory Managers are here to assist your lodge to be the best it can be. In our state we have Dave Dennie, Jack Brooks, Denis Moyer and I and regional manager Bruce Powell.

Now showing that he is leading by example our own Supreme Governor Bruce J. Berger is now part of the 150 division of the 25 club.

The premier lodge awards have been listed in a power point that was scrolling before this meeting. Some high lights are first time winners Middletown 410 and Sellersville 1539, if I were to ask what lodge is the longest running recipient of the premier lodge award. And how many years have they received it? I must acknowledge Ridgway 1183 for 10years of receiving the premier lodge award.

I this time I would like to acknowledge the life time achievement awards the Women of the moose have chosen Imelda Redding from McSherrystown chapter 2179

For the loyal order of Moose James Fleming from Indiana Lodge 174

Congratulations to both Imelda and James both well deserving

In closing I remind lodges we need each of your lodges to work our programs and during these crazy time find new ways to be the place that everyone wants to be a member of in your community, we have seen some of our lodge be a positive community assist, Please continue to be that place. We will get through this "we Are MOOSE"
