

## **Minutes of the 2019 Association Convention**

There are no minutes from the 2019 Association Convention at this time. Unfortunately, the flash drive on which the minutes were saved was damaged by a multi-port HUB connected to our laptop. We sent the drive to two different locations in an attempt to recover the files, but neither attempt was successful.

The minutes will be re-created from the recording of last year's convention, and the minutes for 2019 and 2020 will be presented for review at the 2021 Association Convention.
