

THE STERLING SILVER ELITE MOOSE LEGIONNAIRE RING

The Elite Ring is especially intended for those members of the second degree who devote themselves at exceptional levels to building the membership of the Moose Legion. The Ring design has special meaning only a dedicated Moose Legionnaire will recognize.

The two circles on top of the ring represent tradition and our vision of the future.

The inner circle reflects the inner strength of the Moose Legion member, as well as, the strong inner core of leadership evident within the second degree and through out our fraternity.

The outer circle captures the treasured humanitarian tradition of “doing some good thing for someone each day”, and, the future possibilities which each of us will determine by our attitudes and actions.

The repeated triangles symbolize the persistent acts of leadership displayed by Moose Legionnaires. Together, these triangles form a star honoring your achievement in membership building.

The points of the triangles and sunburst reach out to our future fraternal service, encompassing our protection for our youth at Mooseheart and our senior members at Moosehaven.

The circles of protection, the repeated triangle of faith, hope and charity, and the sunburst as a source of light and life all represent our treasured fraternal traditions of Loyalty. These symbols are a constant reminder to the Moose Legionnaire that he does make a difference, and by inviting all qualified Moose Lodge members to join the Moose Legion our legacy and tradition of service will flourish.

WEAR THE ELITE RING WITH PRIDE – YOU HAVE EARNED IT!

One diamond will be added to each accepted one hundred members you sponsor. When you have reached 1000 units a gold Elite Moose Legionnaire ring is awarded.
