

PENNSYLVANIA Moose Riders

Capture the Trophy Challenge

Rules of the Game

To participate in capturing the trophy, the capturing group must donate a minimum of **\$10.00 per bike** to the Lodge in possession of the trophy. The donation must go to the endowment fund in the capturing Moose Rider groups name. The group must consist of 5 or more motorcycles making the **donation a minimum of \$50.00**.

At least one rider per bike must have a current Moose Rider membership card. If more than one group show up on the same day at the same time to capture the trophy, the group with the most bikes is the winner. A tie will be decided by a flip of a coin.

When the capturing group is at the lodge that is currently in possession of the trophy, you must send a photo of your group with the trophy to the Association Chairman at www.pma.org/mooseriders. This email must also include your Moose Rider groups lodge name and number and the amount that was donated to the endowment. This will be posted on our website so everyone knows what Lodge has it and where it can be captured.

Groups taking the trophy must also provide the Association Chairman with contact information to keep track of the trophy location.

The trophy can be captured multiple times a day but only after it gets to its capturing groups lodge. The Lodge location and photo must be sent to the Association Chairman.

The Moose Rider group who has possession of trophy at the time of the midyear conference **MUST bring the trophy to the conference**. The largest group of Moose Riders present on Saturday evening at 9:00 pm in the conference hospitality room will take possession of the trophy and return it to their lodge. This will start the new year's riding season game. They must send a photo and location information to the Chairman
